Program Goals
Ensure Positive Member Experience
Engage in Learning & Training Opportunities
Develop and Empower Members for Leadership Roles

Mentoring for Leadership is coming together to build on the foundation for the continued success of our organization. Mentoring helps broaden leadership skills and leadership provides guidance for mentoring members. A stronger membership on every level will be accomplished through mentoring.

Goals + Mentoring + Leadership = Healthy Auxiliary

This program year we will mentor inside and outside of Auxiliary meetings. We will have mentoring training in Auxiliaries and Districts. We will ensure a positive member experience, enhance knowledge and education, and create future leaders. We will be successful for our organization.

Through this program we will be encouraged to embrace and promote the CARE concept:

- * Catch the member when they first join.
- * Ask them to participate.
- * Remember what it felt like to be new.
- * Engage them in a program that fits them.
